The function of the senate:

The Faculty Senate is a consultative body. Our meetings provide for an exchange information between faculty and administration. The membership of the senate is drawn from faculty across all ranks and groups.

Our goals for the semester include creating study sessions for an explanation and discussion of topics relevant to the faculty each month. The topics for 2004 fall semester include:

- October – budgets and finance (deferred until next month)
- November – budgets and finance
- December – enrollment management
- February – assessments
